5. Survey Discussion - SchoolComm Consultants - Andrea  
Described what SchoolComm does for schools. Worked with Angela Smith, Madison. Need for a survey with ESC and schools to gather data to see what schools need. Data will be much different than before COVID-19. Surveys may be needed more often.

What we need in survey-participant suggestions:

- Bonnie Cavanaugh - Inquire hospital support.
- Patrick Mohorcic - how can schools be pro-active. Immediate need. How to prepare students for today. Speaker Series. Massive layoffs
- Cathy Bieterman - Employers reworking training.
- David Enzerra - Opportunities for providing awareness and education for students/parents.
- Ray Paganini - Companies changing work environments. Working remotely.
- Jaina - Many employers cutting back.
- Josh Englehart - to what degree do people see these changes. Transient or permanent issues.
- Eric Wachob - Company has the demand, materials are difficult to get.
- Jennifer - how are we going to operate in the future.

6. COVID-19 and schools- schools closed until June 30th. Students may come back in fall w/virtual learning also. Engaging a blended model. Draft of guidelines to reopen schools. Transportation is going to be a challenge. Concerned with all financial cuts, with having additional PPE costs.  
Angela Smith - Need students back to school for parents to go back to work.

7. Updates/Discussion items:

- 2020 Initiatives - put on hold
- Committee Assignments:
  - Survey Committee- send email to see who wants to be on committee
- Upcoming opportunities for partnerships
- Meeting Schedule 2020-2021 - Need first mtg for beginning of August.

Motion to adjourn the meeting at 9:59a.m. made by Jaina Gandolf seconded by Josh Englehart
