## VISION

*The ESC of the Western Reserve will be recognized as a premier education service center that provides personalized services to inspire and support students' growth and staff development in educational communities in our region and across Ohio.*

## CORE FOCUS

*The mission of the ESCWR Business Advisory Council (BAC) is to foster cooperation among our member schools, businesses, and the communities they serve to make our education system more aware of the local labor market; promote work-based experiences within businesses; and help students prepare for successful learning and employment opportunities.*

## Learning and Career Development

The ESC of the Western Reserve Business Advisory Council aligns its work to the Ohio Department of Education and Workforce's Strategic Plan, Each Child Our Future, and pursues collaborative work in three main areas.

### INSPIRE

*Student success and future employment is at the heart of what we do. We strive to know our school and business partners and build lasting relationships to promote growth and innovation.*

*We study employment skills needed for local industry and design curriculum to teach these skills.*

### LEARN

*We provide opportunities for all to achieve academic excellence and further personal growth by providing resources and developmental programs which engage members of the community, offering education for lifelong learning.*

*We study changes in the local economy and job market to learn about future needs.*

### INNOVATE

*ESC of the Western Reserve will draw upon the talents and resources of it's educators, ESC Western Reserve community members, and business leaders to leverage opportunities for students.*

*We create working relationships among schools, businesses, community partners, and industry.*
