Wednesday, May 17th

Understanding Standard Error and Growth Index

Date TBD

Analyzing and Using Value-Added Information

This workshop series will provide educators with a basic, conceptual understanding of Ohio's value-added measures to foster the appropriate and effective use of value-added information. Educators will use data to impact teaching and learning.

All sessions will be held from 1:00-3:30 pm
in the Glass Classroom at the
Auburn Technology Learning Center
8221 Auburn Rd.
Concord, OH 44077
